INTERNATIONAL PROTECTOR

KEY FACTS

WHAT IS INTERNATIONAL PROTECTOR?

- International Protector is a Level Term Assurance product.
- Term Assurance is designed to provide high value, low cost life cover throughout a specified term.
- As it does not provide any savings or investment potential it is normally the cheapest method of providing life cover.

ITS AIMS

- To provide a guaranteed cash sum in the event of death within a specified period chosen by you.
- To provide a cash sum equal to the guaranteed life cover if a life assured develops a terminal illness.

HOW DOES THE POLICY WORK?

- The person setting up the Policy must be aged 18 or over. If you set it up on someone else's life they must be aged 18 or over.
- You simply choose how much cover you need. It can be for any term in years from five (one if premiums are paid annually) to a maximum of 35, provided you are aged under 80 at the end.
- Terminal Illness Benefit is included free of charge on Policies for terms of three years or more.
- At the end of the term, the Policy ceases without value and no further premiums are payable.

DEATH BENEFIT

- On death during the Policy term, Friends Provident International Limited will pay out the guaranteed life cover. The Policy will then end.
- The guaranteed life cover will be payable as a cash sum.
- Each Policy can be set up jointly with someone else. This is on a first death basis, so that the life cover is paid out and the Policy ends if one of the lives assured dies during the term.

TERMINAL ILLNESS BENEFIT

- If the Policy term is three years or more it will automatically include a Terminal Illness Benefit. Upon receipt of satisfactory evidence this pays out an amount equal to the guaranteed life cover if a life assured has a maximum of 12 months to live. The Policy will then end.
- The diagnosis must be made 18 months before the end of the term of the Policy.

WHAT OTHER BENEFIT CAN I CHOOSE? – TOTAL AND PERMANENT DISABILITY BENEFIT

WHAT IS TOTAL AND PERMANENT DISABILITY BENEFIT?

- You can select this Benefit at application for any life assured under age 55.
- It pays a cash sum if, during the cover term and before the policy anniversary following your 65th birthday, you become totally and permanently unable, because of physical illness or injury, to perform or do any occupation or work that is of a remunerative nature.
- If we pay the cash sum, for either life assured, the Policy will end.

RISK FACTORS

- If you stop paying the premiums the cover will cease.
- The Policy will never have a cash-in value.
- We don't cover some causes of claims. Please see 'What Will Stop The Policy Paying Out?' on page 3.

YOUR COMMITMENT

- You agree to pay a fixed regular monthly or annual premium throughout the Policy term.
- You agree to provide us with all the information we ask for when applying for your Policy. You must also tell us if there is any change in your health, family history, occupation or country of residence, or if you take up any hazardous pastimes, between signing the application and when your Policy starts. If you do not we may not pay out.

PAYMENTS

- Your illustration will indicate the payments you need to make for your chosen amount of cover.
- Your payments will depend on:
 - how much cover you need
 - how long you want it to last
 - your age, sex and whether you smoke or not
 - your health and lifestyle as assessed by our underwriters
 - whether you select Total and Permanent Disability Benefit.
- Payment methods and minimum premium amounts are shown in the table 'product details at a glance'.

PAYMENT METHODS

- Annual premiums must be paid by Credit Card, draft or telegraphic transfer. Monthly premiums must be paid by Banker's Standing Order or Credit Card. Premiums must be paid in the same currency as the policy.
- If a premium is not paid within one calendar month, the Policy will lapse at the end of that period.
- The Policy provides protection only and will therefore not acquire a cash-in value at any time.

WHAT IF I CANCEL THE POLICY?

- You can stop your Policy at any time. However you will not get back any of the premiums paid or any cash-in value.

WHAT WILL STOP THE POLICY PAYING OUT?

- There will be no liability under the Policy and the Policy will not pay out if a claim is directly or indirectly attributable to:
 - a Life Assured's active participation in war, whether declared or not, civil war, insurrection, riot, civil commotion or other acts of violence originating from any political or civil unrest
 - any breach of criminal law by the Policyholder or a Life Assured
 - a Life Assured's suicide or attempted suicide, whether sane or insane, within two years of the Date Risk Assumed or subsequent reinstatement of the Policy.
- Friends Provident International will not pay Total and Permanent Disability Benefit if, in addition to the exclusions listed above, a claim is directly or indirectly attributable to any of the following:
 - intentional self-inflicted injury
 - Mental or functional nervous disorders or any non-specific chronic viral infection or any chronic fatigue syndrome
 - the Life Assured taking or absorbing, accidentally or otherwise, any drug, medicine, sedative or poison, except as prescribed by a Registered Medical Practitioner
 - the Life Assured carrying a Human immunodeficiency type virus or antibodies to such a virus.
